

OFFICE OF COMPUTER SERVICES

NOTICE NO. 14-67

19 October 1967

SUBJECT: Organization/Personnel Changes

1. The following changes in organization and personnel assignments are effective immediately:

a. [ ] is designated Computer Science Advisor to the Director of Computer Services.

b. The title, Director/Computer Center, is abolished. [ ] as Chief, Operations Division, is responsible for management of the "Computer Center", which is a generic rather than organizational unit designation.

c. Present Technical Staff functions and organizational placement are changed as follows:

(1) Systems programming and documentation functions and associated personnel are transferred to the Operations Division. [ ] is designated Chief, Technical Staff.

(2) Developmental, project-oriented work and associated personnel are consolidated with the Advanced Projects Staff. [ ] is designated Chief, with [ ] Deputy Chief.

d. The four OCS positions currently allocated for support to the Office of Research and Development's IPRD facility are transferred to ORD, subsequent incumbents coming under the career cognizance of ORD.

2. The necessary administrative arrangements, including personnel assignment change sheets, modification of space plans, and the like will be effected as rapidly as possible.

[ ]  
CHARLES A. BRIGGS V  
Director of Computer Services
